

What Nuxated Iron Is Made From

Sworn Statement of Composition of Its Formula

It increases the strength and endurance of delicate, nervous, run-down folks in two weeks' time in many instances.

The Board of Directors have authorized the broadest publication of the sworn statement of the composition of Nuxated Iron, one of the most widely used tonic, strength and blood builders in the world, so that the public may examine it for themselves and judge as to its merits.

It is conservatively estimated that this remarkable formula is now being used by over 2,000,000 people in America. Among these who have used and strongly endorse it are many physicians formerly connected with well-known hospitals, former United States Senators, members of Congress, and former Health Officials.

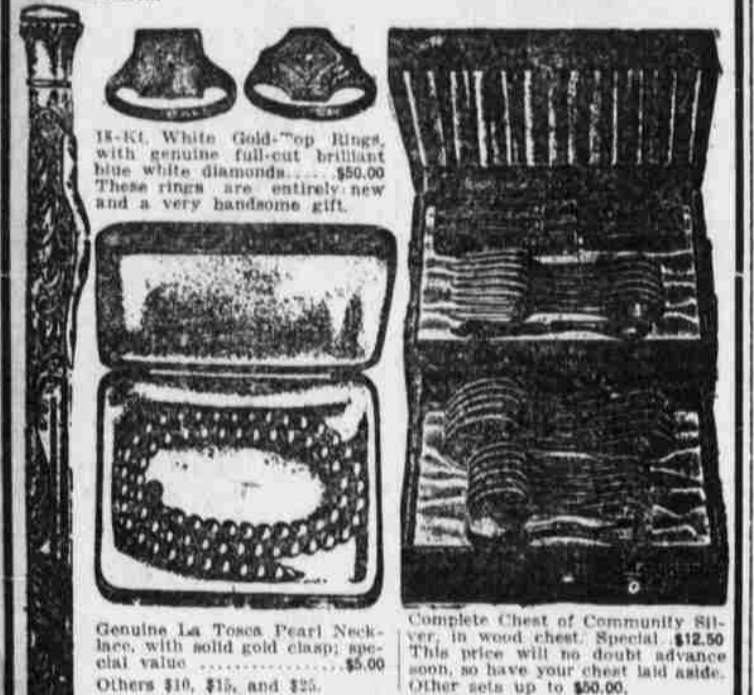

Newspapers everywhere are invited to copy this statement for the benefit of their readers. It is the only genuine article in their offices as they may intelligently answer questions of patients as to its merits and value. A copy of the actual sworn statement will be sent to anyone who desires such. It is as follows:

Iron Peptonate (Special specific Standard) Quantity given below.
Sodium Glycophosphates U.S.P. (Monanto)
Calcium Glycophosphates U.S.P. (Monanto)
P. E. Nux Vomica U.S.P.
Cascara Bitter
Magnesium Carbonate
P. E. Ginger U.S.P.
Oil Cinnamon U.S.P.
Calcium Carbonate Precip. U.S.P.

Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard which in our opinion possesses superior qualities to any other known form of iron. By using other makes of iron peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-twelfth the cost, but by using our special formula we have made our tablets more effective, and by using our special formula we have made our tablets more effective, and by using our special formula we have made our tablets more effective.

When you feel so "blue" that even the sky looks yellow, you need BEECHAM'S PILLS
A sluggish liver and poorly acting kidneys fail to destroy food poisons, which affect the mind as well as the body.

Just What You Need Dr. Carter's K. & B. Tea
For a Few Cents You Can Serve This Health-Building Tea Every Other Night for Two Weeks.

The safest way to free the kidneys from poisonous accumulation, even up to a sluggish liver, make the stomach digest properly and cause the breath to be always sweet is to take Dr. Carter's K. & B. Tea every other night. Take it till your bowels are in perfect condition, till your eyes sparkle with health and your skin grows clear and healthy.

It's an old-fashioned vegetable remedy that you brew right in your own home, and while you're getting purer blood and better health, don't forget that there is nothing you can give the cross, fretful child that will do it more good.

"NOT MY VICTORY, BUT THE PEOPLES," SAYS MAJOR-ELECT

Few of Leaders in Long Fight for Change in Civic Conditions in Memphis Give Views on Recent Campaign.

Rowlett Paine, industrious as he always is, was at work at his desk early Friday morning, and at first declined to express himself in any way on his election, except to say that all his friends and supporters had given him thanks. But when he was pressed for at least a few words he showed that he believed in the principles which he has advocated in hundreds of campaign speeches during the past month.

"This victory for a new order of things in Memphis, for a new respect for the law and for higher ideals in our civic life, was won by the good women and good men of Memphis, not by me," he said. "I do not take any personal credit for it. I am deeply thankful to every man and woman who voted and worked for my election and I shall give my utmost effort to deserve their confidence."

"The credit for our sweeping victory lies in the principles for which we stood and which we shall stand during the next four years—that is in our pledge, which we will keep, to remove factional politics from the city hall, and bring about a renewed respect for the law."

"My associates and I have worked heartily and sympathetically with each other during the campaign and I am sure I shall have the same loyalty from them after we begin our terms of office. I only want the people of Memphis to know that I appreciate the support they have given me, and especially to thank the good women of this city, who, by exercising their right of franchise for the first time, have spoken in such emphatic terms for civic decency and high regard for the law."

"When the people, disregarding factionalism, and fixing their minds on one important issue, decide for a great thing, that thing will be accomplished," said Leslie M. Stratton, manager of the campaign for the Citizens' league.

"I was never in doubt how the great majority of the good women and men of Memphis would vote, if they once grasped the meaning of the organization of the Citizens' league. It is a fact that the candidates who nominated did in fact stand squarely and honestly on the principles of the league."

Best People for Paine.

"Perhaps we had best let bygones be bygones, but the results show that Mr. Paine and our other candidates carried every strictly residence ward in Memphis, and that the wards in which our opponents got their votes were those in which the old political methods could be used for control."

"And just one thing more, and that is that no hand of women in any work ever showed more devoted spirit than those who worked for the success of the Citizens' league ticket."

R. R. Ellis really deserves the credit for beginning the movement 18 months ago which finally crystallized into the organization of the Citizens' league. He and a small group of men made an effort to improve municipal conditions, and made many plans, all of which failed for lack of public support. Later Mr. Ellis and a large number of men and women who were determined to secure a change in political conditions in Memphis organized the Citizens' league. Speaking of the success of the movement and the election of the ticket, Mr. Ellis said Friday:

"It is a glorious victory for law and order and decency, and also a great victory for higher ideals of citizenship. This movement has proved that five honest, capable men could be found to run for office in Memphis. It has proved that as many good, law-abiding men and women live in Memphis as in any city in any state in the world, and that they only needed an opportunity to express themselves in a way that would count."

"The Citizens' league ticket offered the first opportunity in years for such action. With the wonderful help of the women, a new day has dawned for Memphis, our home city. God bless her."

Mrs. Ellis Is Happy.

Mrs. Samuel J. Ellis, vice-chairman of the Citizens' league said: "My belief in the honesty of purpose and the sincerity of the majority of the women of Memphis has been vindicated. From the beginning of the campaign my faith that the women of Memphis would stand for decency and law enforcement has never faltered. My steadfast opinion that their judgment could be trusted has been justified by the splendid victory which they won. It is to the ward chairmen that the credit is due. The quiet, unostentatious, unselfish efforts of the mothers and sisters in their own wards that carried the day."

"From many platforms it has been my privilege to say to the women of Memphis that their honor was at stake in this election, and now it is my wish publicly to thank each woman who used her influence to elect Rowlett Paine and his ticket, and to congratulate them on the result of their work. To many men, also, my earnest thanks are due for the fine assistance they have given me in selecting the ward chairmen and for the sustained encouragement and co-operation which they have so generously accorded me."

CITY PROMISES TO KEEP UTILITIES IN OPERATION

MIAMI, Fla., Nov. 7.—An effort to prevent interference with the operation of public utilities in the event of a strike of union labor here ordered for next Monday becomes effective has been made by the city council.

The strike order includes every branch of organized labor and should there be a general shutting down of the water, electric light and power, gas and ice plants. The strike order is an outgrowth of the employment of non-union labor in the construction of a hotel.

MORE TROOPS CALLED.

VIENNA, Nov. 7. (By Associated Press.)—Special dispatches received by Vienna newspapers state that five additional yearly classes of soldiers in Jugoslavia have been called to duty on the pretext of military training. A military dictatorship virtually has been established in the country and many arrests have been made. An ultimatum to Italy is expected.

COMB SAGE TEA

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sugar and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous. Mixing the Sage Tea and Sulphur, recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients. A large bottle, at little cost, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, you can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with the liquid and draw this through your hair, taking one small strand at a time; by morning another application or two and your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

We expected to sell all these Coats by this time at regular prices, but have had too much warm weather. You can have your pick now at \$18.95 of all our Coats formerly priced to \$35.00. Fine materials, fine colors, newest models.

Remember—the Above Are Only a Few of the Bargains—Everything in the House is Reduced—Great Values Here

DEHYDRATED FRUITS TURKEY DAY LUXURY
Thanksgiving cranberry sauce made from dried cranberries prepared in a Tennessee dehydrating plant will be served on the tables of many families in the East this year, but none of the new product will be available for the market in this state because Eastern concerns have contracted for the entire output.

A sample of the dried cranberries was received here Friday by Charles H. Ryan, railroad freight agent for the L. & N. railroad, on whose lines at Humboldt, Tenn., the Kelley Cooked Vegetables company, makers of the product, is located. A carton about the size of a pint measure weighs one-fourth pound, gross, and contains enough of the dried cranberries to serve 12 people. One carload of cranberries has already been received by the company.

Another unique product of the company is dried sliced tomatoes, also dried string beans and dried sliced cabbage. In fact, the company is handling a long list of vegetables, such as Irish potatoes, sweet potatoes, carrots, spinach, etc.

The company began operations about three months ago and has already handled about 12 cars of vegetables.

PNEUMONIA CAUSE OF SHAVER'S DEATH
Wesley Shaver, whose mysterious death at the General Hospital baffled the authorities and gave rise to the theory that he had been poisoned, probably died from bronchial pneumonia.

S. O. Bates, state's attorney, Friday received a letter from Dr. John A. McIntosh, who testified before the coroner's jury that held the inquest over the man's body Wednesday, stating that he made a microscopic examination of the lung tissue and found conditions indicating that bronchial pneumonia existed. He said he was of the opinion after the examination that Shaver's death was due to pneumonia poisoning.

When the autopsy was held and before Dr. McIntosh made his examination, he testified that he was unable to determine the cause of death.

SAYS SIX BILLIONS MUST BE SPENT FOR RAILWAYS
CHICAGO, Nov. 7.—At least \$6,000,000,000 of new capital must be invested in railroad facilities within the next three years if the roads are to become economically self-sufficient, according to the country's commerce, Samuel O. Dunn, editor of the Railway Age, estimated in an address here today. Any legislation involving the railways should be designed with that considered, he said.

The railways during the next three years should buy at least \$60,000 freight cars, 20,000 locomotives and 10,000 passenger cars, he said, to make up the existing deficiency of equipment to replace equipment which should be retired and to provide for handling additional business.

630 PRISONERS STARVE.
HELSINKI, Nov. 7. (By Associated Press.)—A Bolshevik report received through German sources says that 630 of the 1,000 inmates of Kresty prison in Petrograd have died of starvation. Eight thousand fugitives, according to Helsinki newspaper reports, have arrived at the Finnish frontier from the Petrograd district.
